COSMETIC SYSTEM

USER MANUAL

AETHEION® General Instructions

- We design each formula to enhance a desired outcome, and this enhancement increases with extended use.
- Apply on clean skin in paper-thin layers and softly spread to cover the skin's surface.
- We suggest always using AETHEION® products first, and then you can follow your regular routine with other products.
- It is best to allow the application to absorb before using other products.
- Please do not allow these products to touch metal or metallic objects, as it may affect their potential or cause issues with jewelry.
- As with any topical product, check the ingredients for possible allergies and perform a 24-hour inner elbow test before extensive use.
- Store at room temperature and out of direct sunlight.
- AETHEION® formulations are for external use only.

ÆTHEION®

Scientific Properties

SUPEROXIDE DISMUTASE

Superoxide Dismutase "SOD" is a natural antioxidant enzyme, a protein produced in the red blood cells, and its production dramatically decreases with aging. Creating this protein enzyme necessitates the zinc (Zn) and copper (Cu) minerals' participation in producing Zn/Cu SOD.

Its primary function is to convert the superoxide radicals into ordinary molecular oxygen or hydrogen peroxide. This conversion provides cellular defense against reactive oxygen species, also known as free radicals, whose accumulation can contribute to oxidative stress, causing various diseases and accelerating aging.

The **AETHEION® Cosmetic System** utilizes a patent-pending Redox Technology, which reduces the skin's oxidation by transferring electrons from a radical state to a stress-free normal condition and successfully producing the Superoxide Dismutase effect.

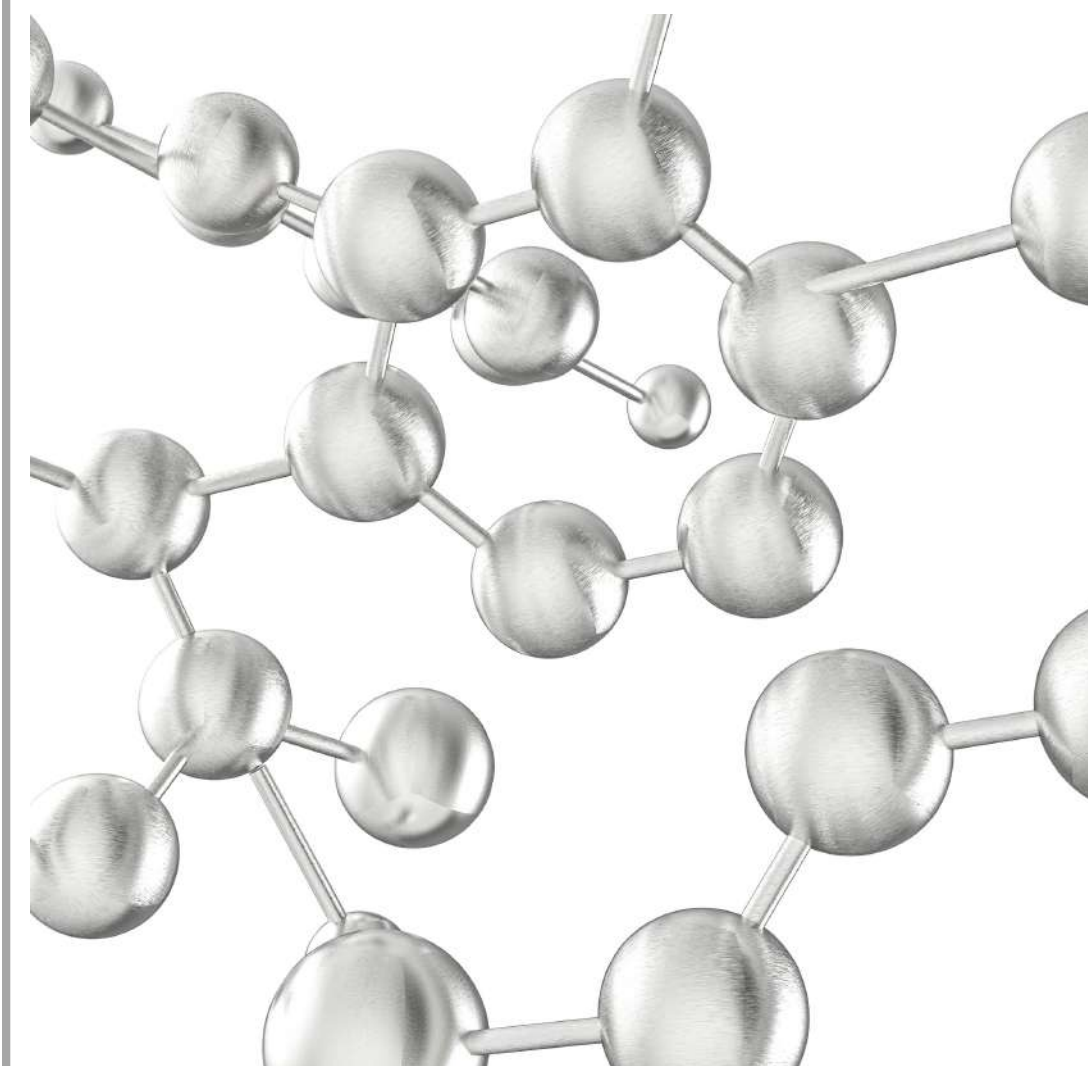

COMBATS FREE RADICALS DAMAGE

The unique molecular weight of this topical system grants it remarkable bioavailability, which in turn empowers it to operate with exceptional accuracy.

AETHEION® Redox Technology helps transport minerals and other high-quality ingredients deep into the skin to increase efficiency.

As a result, the skin experiences an enhanced natural defense mechanism against reactive oxygen species.

Moreover, the system supplements the functionality of already stable molecules with minerals. This collaborative action optimizes the performance of stable molecules and assists them in executing their functions to an even higher degree of effectiveness.

The background features a light blue gradient with several molecular structures. These structures consist of translucent blue spheres of varying sizes connected by thin, metallic-looking rods. Some spheres have internal details, like smaller bubbles or patterns. The molecules are scattered across the frame, with some appearing more prominent than others.

ÆTHEION[®]

Redox Properties

COPPER IONS

Copper, a mineral with a long history of use, offers remarkable benefits in maintaining youthful qualities. It possesses healing and protective properties that benefit various bodily functions, including the circulatory, musculoskeletal, nervous, immune, and reproductive systems.

Topically, it acts as an antiseptic, antifungal, and astringent. Copper is crucial for collagen production, melanin creation, and promoting communication among connective tissues.

In AETHEION® Redox Technology, 98% pure cationic copper ions work synergistically with zinc, creating an ideal redox mechanism for your skin. Copper's ability to accept and donate electrons contributes to its role in oxidation-reduction (redox), effectively combating free radicals.

ZINC IONS

Zinc is a vital mineral cofactor in over 300 biochemical reactions, playing a crucial role in various organic functions and influencing the immune system.

It supports carbohydrate metabolism, protein synthesis, and cell multiplication, strengthening the immune system, reducing immunological deficiencies, and promoting tissue growth and development.

In AETHEION® Redox Technology, the synergistic combination of copper and zinc produces a powerful SOD (superoxide dismutase) effect that helps combat the damaging effects of free radicals on the skin cells.

The antagonistic properties of copper and zinc provided at our specific ratios create a harmony of balance to prevent an excess of one or the other.

MAGNESIUM IONS

Magnesium, an essential mineral, plays a crucial role in various enzymatic reactions within the body. It is predominantly found within cells and significantly contributes to the overall functioning of cells, nerves, muscles, bones, and the heart.

This mineral not only aids in stress relief and relaxation but also is the primary form of APT to the mitochondrial function energy to the cell.

Additionally, it supports detoxification by eliminating toxins and heavy metals from cells. Combined with Zinc and Copper, it becomes an unparalleled powerhouse for addressing your skin's biological needs.

ÆTHEION®

—— Nutritional Properties ——

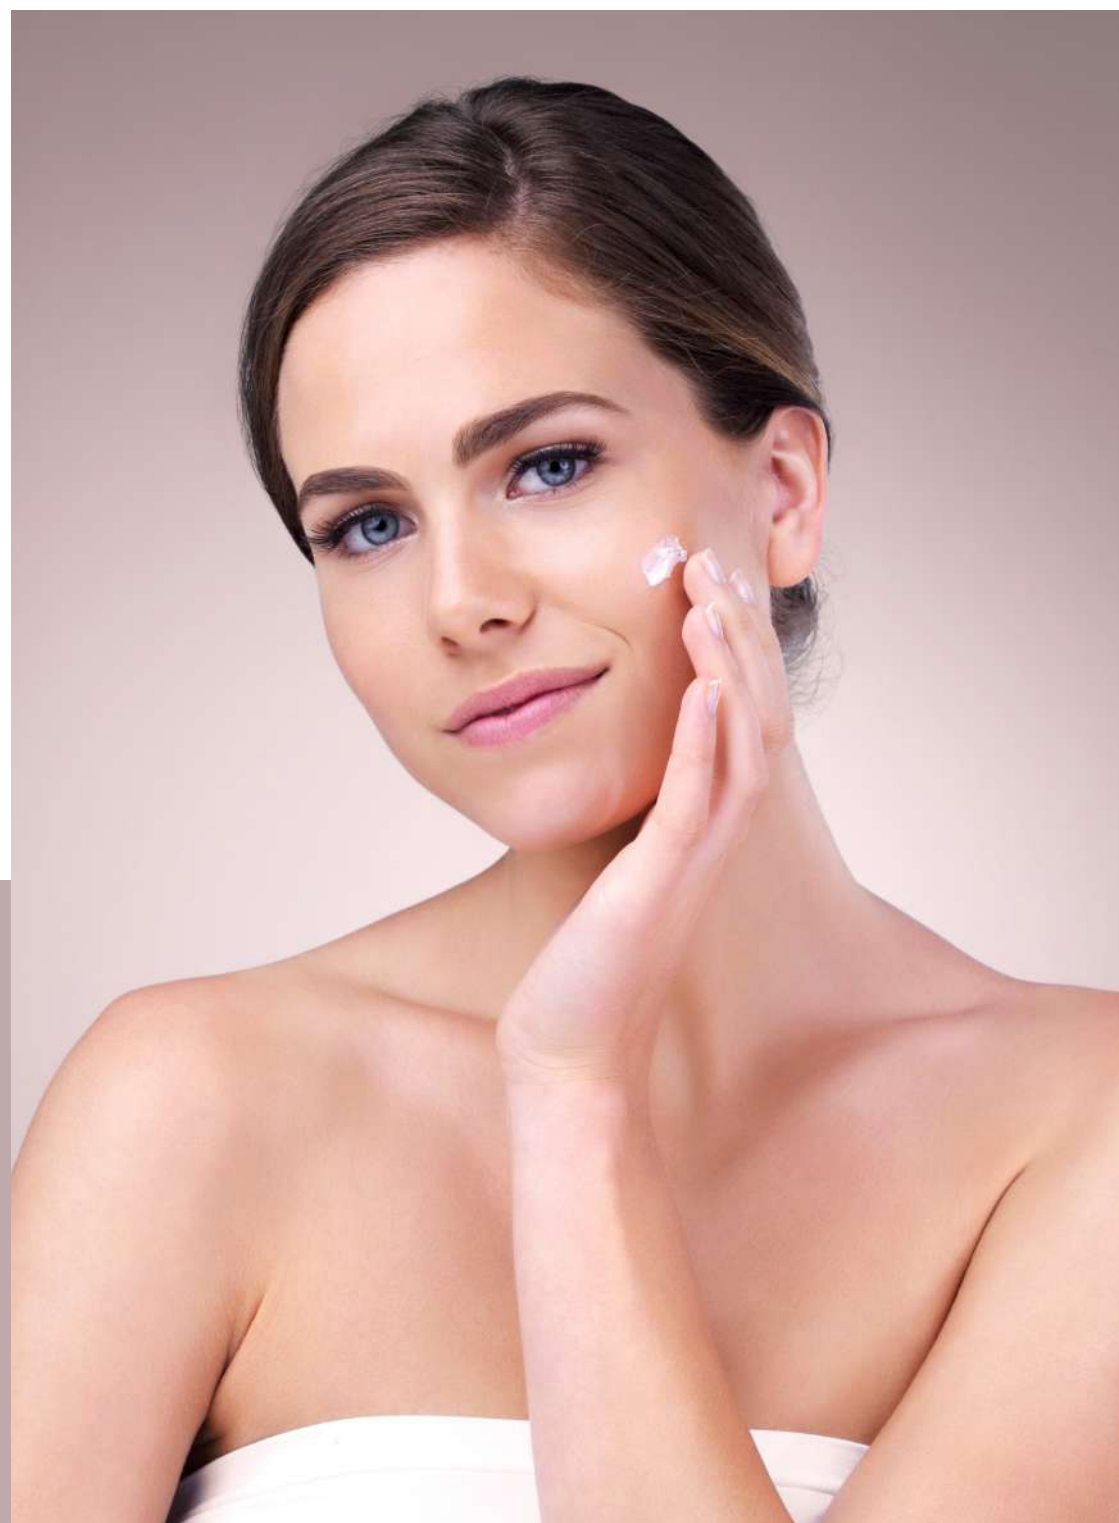

BOTANICAL

Botanicals are concentrated extracts and essential oils from plants like flowers, herbs, nuts, seeds, roots, and berries. Since the beginning of time, these natural ingredients have offered exceptional benefits for the skin and body, harnessing the remarkable abilities of plants and their entourage effects.

AETHEION® formulations utilize premium-grade botanicals carefully selected for their proven effectiveness and long-standing use in skincare. Examples include Aloe Vera, Coconut, Moroccan Argan, Calendula, Orange Citrus, Farnesol, Fucoxanthin Seaweed, Salvia, Horsetail, Tea Tree, Rose, Peppermint, and more.

These botanicals are just a glimpse of the effective ingredients incorporated into the AETHEION® Cosmetic System enhanced by our proprietary technology.

VITAMIN

Biology shows that certain nutrients are essential for preventing and reversing many signs of skin aging. A well-balanced diet is important, as it helps keep skin supple and glowing. Nonetheless, the body delivers only a small percentage of nutrients to the skin. No matter how much you eat, supplement, or absorb, the last place it gets to is your largest organ, the skin.

AETHEION® Redox Technology delivers a topical solution enriched with nutrients, allowing for targeted delivery and maximum anti-aging benefits.

These nutrients include Vitamin E, Vitamin C, Vitamin B12, provitamin D3, Vitamin A, Vitamin K, and B-complex Vitamins (B1, B2, B5, and B9), enhancing the overall health of your skin. Review each formulation's designed ingredients to evaluate its benefits.

ÆTHEION®

— Protective Properties —

HYDRATION

Proper hydration is essential for life. Not only does it soften skin, but it also plays a crucial role in ensuring optimal functionality, protection, and appearance.

Implementing hydrating ingredients supports the effectiveness of each formula. Sodium hyaluronate Crosspolymer offers an impressive ability to retain water, surpassing traditional hyaluronic acid by a factor of five. Adding Vitamin E, C, and copper has been clinically shown to increase those levels.

Furthermore, it offers a unique advantage in terms of skin rejuvenation. It delivers a prolonged sense of replenishment by maintaining the hydration of the skin's outermost layer.

Protective
Properties

MOISTURIZER

Failing to replenish moisture enough can lead to adverse effects such as dry skin, congested pores, breakouts, and accelerated aging.

AETHEION® Cosmetic System provides your skin with optimal moisturizing ingredients, promoting more effective and efficient healing.

Each natural ingredient used in the formulations of AETHEION® offers valuable properties backed by evidence.

Throughout the products, ingredients such as Aloe Vera, Glycerin, Shea Butter, and Coconut oil deliver nutrients rich in antioxidants, fatty acids, and vitamins to enhance deep moisturization.

PROTECTION

In addition to hydration and proper moisturization, it is essential to consider extra elements that can contribute to skin defense.

Specific formulations within the AETHEION® Cosmetic System incorporate protective ingredients like Calendula, Argan, Almond, and Rosehip Oil. These ingredients work together to fortify the skin's natural defense mechanisms and shield it from harmful external agents.

Thus, each can enhance your skin's overall health and resilience, ensuring it remains protected, radiant, and beautiful.

UNDERSTANDING THE POWER OF EACH PRODUCT

The products of the AETHEION® Cosmetic System fall into two categories. ZC stands for Zinc and Copper, while ZCM represents Zinc, Copper, and Magnesium.

The initials follow a series of numbers representing the potency of the proprietary Redox Technology.

- Formulations with Zinc and Copper include ZC5, ZC30, and ZC50.
- Formulations with Zinc, Copper, and Magnesium range from ZCM15, ZCM22, ZCM30, and ZCM65.

Thus, the most potent solution AETHEION® offers is the ZCM65 Synergistic Lotion and the softest is the ZC5 After Sun.

Each formulation and concentration offers a different benefit for the skin. Discover each formulation's ingredients that support our products' time-proven effectiveness and safety.

Professional Series

ZC50 Cellular Support Cream

Witness the highest concentration of our proprietary technology with Zinc-Copper Superoxide Dismutase. It offers a safe and effective solution that promotes optimal skin metabolism, elasticity, barrier function, and natural cell renewal.

Through the creation of AETHEION® Redox Technology and specific components of scientific understanding, this skin repair cream harmonizes the balance of oxidative species (Cationic Hydrogen), nitrogen reactive species (Cationic Ammine), and reactive sulfur species (Cationic Sulfur).

Each component contributes to the energy required for proper cellular production, thereby releasing the full potential of this cellular support cream.

RECOMMENDATIONS OF USE

- Stir the cream with the provided plastic spatula before each application.
- Apply a thin coating on clean skin using the spatula or fingers at any time of the day.
- Use daily or as needed.
- Wait 3 minutes before initiating your skincare routine with other products.
- Use it alone or add other AETHEION® formulations to enhance results.

ZCM65 Synergistic Lotion

AETHEION® ZCM65 Synergistic Lotion is an advanced formulation harnessing the highest concentration of ZCM65 Redox Technology, along with a curated blend of premium vitamins and essential extracts to enhance skin health.

This powerhouse nutritional combination nurtures and conditions the skin, providing effective treatment and deep moisturization through essential minerals Zinc, Copper, and Magnesium (ZCM), vitamins C and E, and the nourishing properties of Argan and Rosehip Oils to facilitate skin repair, while Inca oils containing omega 3, 6, and 9 act as additional free radical scavengers.

The benefits are high-quality antioxidants that protect and revitalize the skin for optimal health and rejuvenation.

RECOMMENDATIONS OF USE

- Having essential oils in this formulation suggests that it be used at night, allowing the most significant period to contribute to its benefits.
- Apply on clean skin without any previous product is recommended.
- All AETHEION® product's design allows them to remain on the skin; you do not need to remove them.

ANTI-AGING SERIES

ZC

ZC5 After Sun

After a prolonged sunny day, your skin and hair have taken a beating from free radicals. It is crucial to nourish the exposed area to avoid future damage.

The optimal care is AETHEION® ZC5 After Sun, formulated as a sun relief spray to provide soothing and optimal care in reducing UV damage to your skin and hair.

Enjoy a rich blend of our advanced ZC5 Redox Technology, which protects against free radical harm caused by excessive sun exposure. It reduces redness, replenishes moisture, and enhances melanin production (browning).

Its lightweight formula provides instant comfort, leaving a refreshing and gentle sensation behind.

AETHEION® ZC5 After Sun does not contain sunscreen or SPF; thus, do not substitute for sun protection.

RECOMMENDATIONS OF USE

- Shake before use.
- After a day out, spray on clean targeted areas and lightly spread with clean hands.
- Use as necessary to cover the body evenly.
- Allow to dry, and then proceed to apply any other skincare product.

It has **NO sunscreen or SPF**, so it is unsuitable for use under the sun or while sunbathing.

ZCM15 Facial Serum

An antioxidant cleanser with an advanced Zn/Cu SOD formulation with Cationic Magnesium from our proprietary Redox Technology, adding the benefits of silver citrate and the calendula plant.

Drawing upon centuries of wisdom, the calendula plant can protect the skin from harsh environmental conditions and eliminate impurities. Balancing the lipid barrier removes toxins that can clog pores, promoting a healthier complexion.

Silver, renowned for its antimicrobial properties, enhances its efficacy. This gentle yet powerful ingredient helps to purify the skin, promoting clear and healthy skin.

These innovative ingredients are at the forefront of antioxidant protection, working together to combat oxidative stress and reduce the visible signs of aging. By neutralizing harmful free radicals, our cleanser helps to diminish fine lines, wrinkles, and other signs of skin damage caused by environmental factors.

RECOMMENDATIONS OF USE

- Gently shake before use.
- Dispense a few drops of the serum onto a cotton pad or clean finger.
- Apply on a clean face or desired skincare area.
- Avoid the delicate eyelid area and focus on the eye socket region with mild application.
- Let the skin absorb the serum before adding other products.

ZCM30 Synergistic Lotion

Designed for nighttime application, AETHEION® ZCM30 Synergistic Lotion harmonizes with our AETHEION® ZC30 Anti-Aging Cream for daytime use. This powerful pair works in tandem to provide round-the-clock support and comprehensive solutions for tackling all concerns related to skin aging.

The ZCM30 Synergistic Lotion goes beyond mere moisturization. It nurtures, treats, protects, and conditions the skin to optimize health and vitality.

The fragrance-free formula of AETHEION® ZCM30 Synergistic Lotion combines known antioxidants of vitamins C, E, & K within high-quality essential oils. The ZCM30 Redox Technology with Zinc, Copper, and Magnesium enhances the vitamins with the power of Cationic Hydrogen, the most powerful antioxidant.

We bring the best of Mother Nature gifts by adding Aloe Vera, Coconut, Rosehip, Argan, and Frankincense essential oils. This unique lotion rejuvenates, protects, and diminishes fine lines, wrinkles, and sunspots, creating Quintessential Beautification.

RECOMMENDATIONS OF USE

- Clean the skin before application.
- It is best to be used at night to allow the most prolonged application period.
- Apply a thin layer on clean skin and lightly massage into the application area.
- Let the lotion absorb into the skin before using other products.
- Optimal for periodic and continued use.

ZC30 Anti Aging Cream

A sophisticated formulation that delivers a powerful antioxidant bundle designed to neutralize free radical damage and replace mutated cells by increasing the skin's cellular turnover rate.

It is enriched with high concentrations of Vitamin E and hyaluronic acid, providing deep hydration and nourishment. Combined with ZC30 Redox Technology, it is a multi-protective antioxidant cream that produces a rejuvenated and youthful complexion.

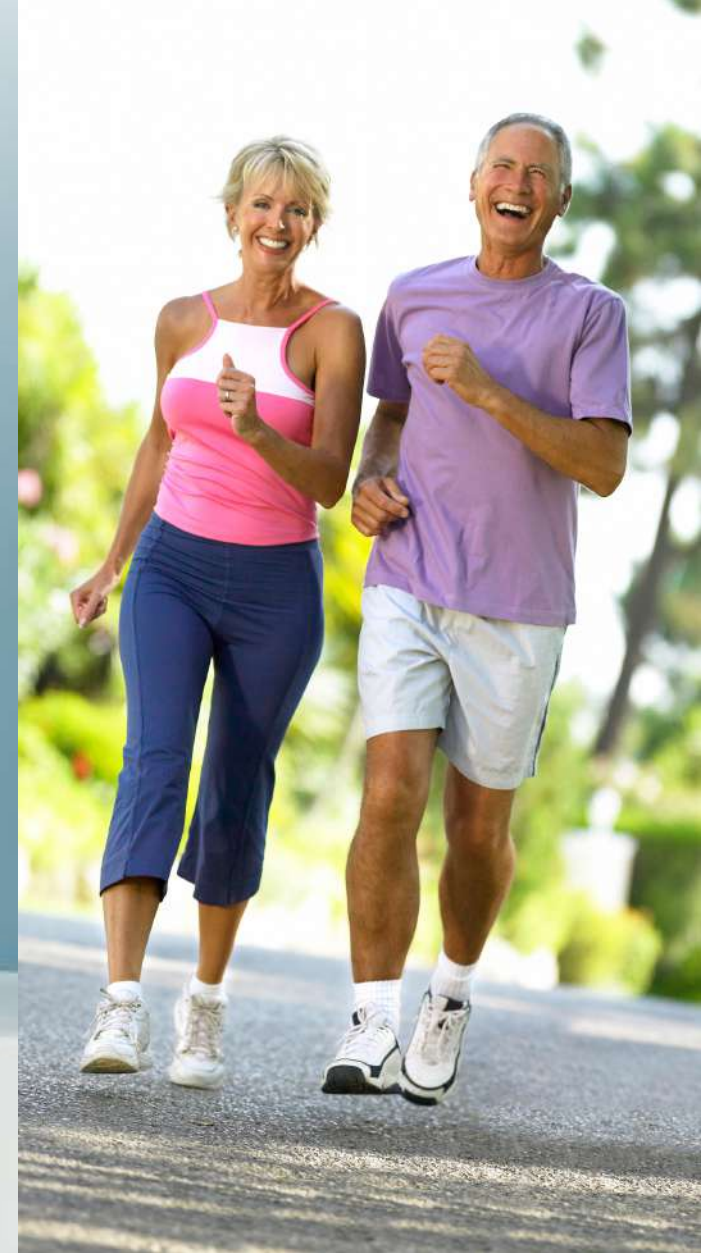

Supported by scientific research, this cream effectively moisturizes your skin and sustains the integrity of its natural protective layer for an extended time.

Maximize the visual benefits of AETHEION® products by combining the potent effects of the ZC30 Anti Aging Cream and ZCM30 Synergistic Lotion. This powerful duo enhances the results and significantly shortens the overall treatment period.

RECOMMENDATIONS

- Use on the face and neck or any other areas of need.
- Wash your hands and the targeted areas before application.
- Evenly distribute a thin layer over the treatment area.
- Allow absorption into the skin before applying other products.
- You can use it in the morning, evening, or both.
- Consider multiple daily applications.

SPORTS SERIES

ZCM30 Mineral Gel

Tackle the discomfort of body aches from an active life with ease as you experience the refreshing solution of AETHEION® ZCM30 Mineral Gel.

Address muscle soreness with a cooling sensation of menthol, harnessed with ZCM30 Redox Technology to supply refreshing comfort while minimizing oxidative stress and calming inflammation.

AETHEION® ZCM30 Mineral Gel decreases muscle tension while delivering the well-known clinical benefits of Zinc, Copper, and Magnesium shown to enhance muscle rejuvenation.

Whether it's joint stiffness, muscle strain, cramped posture, or occasional stress from exercise or injury, this gel can help soothe and repair.

RECOMMENDATIONS

- Suitable for all body areas.
- Spread a thin layer evenly over the treatment area.
- Apply topically with light massage techniques.
- Wait until absorbed before applying a moisturizer or other products.

ZCM22 Ultimate Relief & ZCM22 Supreme Relief Lotion

Feel soothing comfort before, during, or after workouts with AETHEION® ZCM22 Ultimate Relief Lotion. Powered by our proprietary ZCM22 Redox Technology, boasting an impressive 200 mV & 740 µM ORAC values, this lotion can help alleviate soreness.

Relieve your tensions with the highest concentration in targeted areas. It is a curated blend of known elements that contribute to wellness through its anti-inflammatory properties. These ingredients include Arnica, Capsaicin, and Calendula extracts. Combined with the best essential oils of Wintergreen, Ginger, Black Cumin seed, Menthol, Rosemary, Mint, and more! Our solution penetrates more than most products. Using nature's finest botanicals to block inflammation

AETHEION® ZCM22 Supreme Relief Lotion follows the footsteps of its predecessor, the ZCM22 Ultimate Relief. It is formulated with a lighter concentration of all its ingredients, allowing you to use it over larger areas of need.

RECOMMENDATIONS OF USE FOR THE ULTIMATE & SUPREME

- As with all topical products, testing on the inner elbow for skin irritability or sensitivity is best.
- Suitable for sore muscles in all areas of the body.
- Apply on clean skin without any previous products.
- This formulation is highly concentrated and will create a warming sensation upon application.
- Multiple applications may be required over an extended period to establish desired relief.

ZCM15 Health Lotion

ZCM15 Health Lotion provides nutritional supplementation to your skin, combining advanced proprietary formulation with the best of nature to protect and prevent. A formulated balance delivers premium ingredients, botanical oils, minerals, and vitamins. While a good diet may assist, today's toxic matrix demands more. This daily application directly nourishes your skin from the outside to the cells.

Provide topical nourishment to your skin with a concentrated blend of ZCM15 Redox Technology, premium vitamins, and ionized minerals to enhance skin health and vitality.

Rejuvenate your skin health by providing nutrients and minerals. Call it a salad for your skin. Witness the benefits of top-tier ingredients formulated to strengthen your skin.

RECOMMENDATIONS OF USE

- An all-time lotion to help repair the day's damage.
- Spread on washed skin without any previous products.
- Allow absorption before implementing other skincare products.
- Suitable for the face and body.

ZCM30 Hair Health Solution

Revitalize the follicular scalp with a solution that reduces brittle hair and hair loss, promoting growth through natural nutritional care at the root.

AETHEION® ZCM30 Hair Health stimulates healthy follicles and may prevent hair loss through selected known natural ingredients to promote hair health.

Some feature ingredients include Aloe Vera extract, Rosemary, Citrus, and Peppermint essential oils to help nurture and revitalize your hair.

Consistent and prolonged usage of our natural formula will give you the shiniest, thickest, most fabulous hair ever!

RECOMMENDATIONS OF USE

- Shake the bottle before each use.
- Apply on wet hair, expose the scalp, and gently massage a small amount of ZCM30 Hair Health directly to the hair follicles to obtain the best results.
- You may lightly use a plastic comb to help apply the lotion.
- Leave on the scalp for maximum results—no need to wash it off.
- Use it once a day for minimal treatment or twice a day for maximum treatment.
- After the desired treatment results, apply two to three times a week to maintain healthy hair.
